InsulHome Pty Ltd  
Att: Chris Palombo  
PO Box 137  
Browns Plains Qld 4118

Although InsulHome has only been operating for a few months we have had the pleasure of working with Chris for the past six years through previous insulation relationships.

In this time we have always found Chris to extremely reliable and efficient in delivering the supply and installation of a wide range of insulation services and provide service second to none.

Since the beginning of InsulHome this has not changed in fact it has got even better if that was at all possible.

InsulHome's product knowledge has been an invaluable service in designing models and providing insulation solutions for our homes.

At BMW Homes we are looking forward to maintaining the successful relationship we have with InsulHome well into the future.

Kind Regards

**Brenden Pocock**  
Construction Manager
